About IIJ Global

IIJ Global Solutions Inc. (IIJ Global) was established in September 2010 as a subsidiary of the IIJ Group following the acquisition of AT&T Japan's local Network Outsourcing service business. IIJ Global offers a comprehensive range of services including WAN Connectivity and Total Network Outsourcing, covering everything from design to management of corporate networks. Beyond serving domestic markets, IIJ Global also provides Global network services and has expanded its offerings to include network security solutions tailored for enterprises, such as Secure Access Service Edge (SASE). For more information about IIJ Global and its services, please visit our website at <https://www.iijglobal.co.jp/en/>.

About IIJ

Founded in 1992, IIJ is one of Japan's leading Internet-access and comprehensive network solutions providers. IIJ and its group companies provide total network solutions that mainly cater to high-end corporate customers. IIJ's services include high-quality Internet connectivity services, systems integration, cloud computing services, security services and mobile services. Moreover, IIJ has built one of the largest Internet backbone networks in Japan that is connected to the United States, the United Kingdom and Asia. IIJ was listed on the Prime Market of the Tokyo Stock Exchange in 2022. For more information about IIJ, visit the IIJ Web site at <https://www.iij.ad.jp/en/>.
